#### NORTHERN CHAUTAUQUA ASSEMBLY PROMISES WELL.

Dr. Jennings, of Chicago, Will be in Charge of Marinette Gathering—Abundant Means Provided for Recreation and Instruction—Will be of Great Benefit.

Marinette, Wis., Dec. 30.—The directors of the Northern Chautauqua association held a meeting yesterday to discuss arrangements for the assembly next year. It was decided to have one and Dr. H. C. Jennings, of Chicago, was engaged as superintendent. Dr. Jennings is one of the most successful conductors in the country, and as he will be given full control of the assembly he will no doubt succeed in making it the best ever held in northern Wisconsin.

The assembly will open about August and continue for twelve or fourteen days. There will be a change of program next year. Prof. Fairbanks will be engaged as musical director. The grounds will be placed in first class condition. The Marinette Chautauqua is now one of the largest in the west and continues to grow. Last year over 200 people camped out during the fifteen days' session and even more are expected this year. Many families in Menominee, Oconto, Green Bay, Sturgeon Bay, Escanaba and other cities in Northern Wisconsin and Michigan have purchased lots with the intention of camping every year. The attendance last year reached 3,000 and 4,000 at a single session. A large summer hotel will be built.

The interest in these gatherings is increasing year by year. Besides furnishing a pleasant outing season for the teachers of the northern section of the state, by whom it is chiefly maintained, it gives them opportunities for self improvement that could not be obtained in any other way. The topics for discussion are chosen with an especial view to instruction in directions that cannot be pursued in the ordinary lines of study, and all who attend find themselves greatly benefited both physically and mentally.

The Northern Wisconsin Chautauqua is rapidly becoming one of the most important assemblies of the kind in the northwest. Its location is a delightful one. There are abundant means at the command of all present to participate in out-door recreations. Abundant means are available for boating, fishing, and other amusement, while the lectures will be delivered by the foremost educators of the country.

### HE HAS NO TIME TO ARGUE

#### F. L. Quatsoe Says His Business Requires His Time

M. H. Rothstein has brought suit against F. L. Quatsoe, the shoe dealer, to recover money that he claims is due him for salary. The action is the result of the discharge of Mr. Rothstein. It came before Judge Fifield in the municipal court today, and was adjourned, as Mr. Quatsoe's attorney, Hon. W. G. Wheeler, was out of town.

"I do not care to discuss the matter in the newspapers," said Mr. Quatsoe today, "except to say that the facts in the case will be known in due time. Mr. Rothstein has given his version of the case to a newspaper. His version and my version do not agree, and the court will decide which of us is right. However, I have been engaged in business here for some months, and I guess people know me well enough to judge in the matter. I have no time to argue any private affairs in the public prints, as my business takes up all my time."

### STANTON FAMILY WEIGHTY

#### Charles A. Stanton Makes Interesting Figures While Here.

The Daily Republic of Baraboo, under date of yesterday, says: While visiting his parents in Janesville Christmas, C. A. Stanton took down the weights of his parents, brothers and sisters. There are eight in all, and weigh 1,515 pounds, making an average of 189 1/2 pounds each. Not such a small lot of fellows. The wives of three of them range in weight from 156 to 210.

### THEY EVEN STOLE BIBLES

#### Shoplifting Is Getting to be the Regular Thing Here

The Christmas rush is over, and many of the local merchants are mourning the loss of valuable articles. In a local dry goods store a well known west side lady was detected trying to hide a valuable table spread beneath her cloak. She paid dearly for her little act. Several bibles were also missed at a local book store, and the proprietor says there is no doubt but they were stolen by a class of people who are supposed to be respectable.

### LARGEST SINGLE TOBACCO SHIPMENT

#### WILL LEAVE ROCK COUNTY NEXT MONTH.

Will be the Greatest in Weight That Ever Left the State of Wisconsin—Seventy Cars to Depart Next Month From Edgerton in Two Trains.

The largest single shipment of leaf tobacco that ever left the state of Wisconsin will be sent out of Rock county on or about January 5, from the city of Edgerton. L. Bamberger & Co., of Philadelphia, are the shippers, and the American Tobacco Company are the purchasers. The shipment will require two special trains, or a total of between sixty-five and seventy freight cars.

Edgerton leaf tobacco buyers who were in Janesville yesterday informed a Gazette representative that the coming shipment will require two special trains, or a total of between sixty-five and seventy freight cars.

The Chicago, Milwaukee & St. Paul railroad company will handle the shipments, and is now collecting cars along the different portions of the line and sending them to Edgerton as fast as it is able to secure them.

One may gain a much better idea of this vast shipment when it is taken into consideration that it means the transportation of in the neighborhood of 3,000 cases, its value being many thousands of dollars.

On the day these two trains leave Edgerton, (it is the intention to have them depart as near together as is possible), the whole town and surrounding country will turn out and do honor to the occasion. Bright colored streamers are now being painted in the east, and will be forwarded in time to be placed on each side of each car. Flags and bunting will also be lavishly displayed on all sides, and the two trains will be decorated so as to attract as much attention as possible.

This extraordinary shipment is to be billed to the factories of the American Tobacco company at Cincinnati and Richmond, Va.

The greater portion of the consignment is '97 leaf grown in Rock county and purchased by Edgerton representatives of the eastern firm.

### WOUNDED SOLDIER VISITING HERE

#### SHOT THROUGH RIGHT LUNG AT EL CANEY.

John C. Burke, a Member of the Regular Army, Now Stopping at the Highland House—Is Nursing a Badly Wounded Body—Nearly Died of His Wounds.

With a large scar on his right breast made by a cruel Spaniard bullet in the battle of El Caney, Cuba, John C. Burke, a member of the United States regulars, has arrived in Janesville in the hope of regaining his health. He is making his headquarters at the Highland house on East Milwaukee street, and is receiving medical treatment from local physicians.

Although once a robust man, in perfect health, he is now nursing a badly wrecked body as the result of the wound he received in battle and from the effects of fever contracted while in Cuba.

Burke joined the regular army in 1881, and has seen services in many of the western forts. When the late war broke out he was ordered to Cuba a member of the Eighteenth regiment, and within a few days from the time they set foot on Cuban soil they were in the thickest of the trouble.

It was while fighting in the front ranks at the battle of El Caney that Burke nearly lost his life. While the battle was at its height a bullet crashed into Burke's right breast, passed through his lung, and nearly through his body, so that it raised the skin on his back. He was given surgical assistance as soon as possible, and the bullet was located and removed without much trouble. A silk handkerchief was drawn into the wound so as to make it bleed freely, and it was the great loss of blood that made him weak.

The sensation of being struck with a Mauser bullet is described by the wounded man in a most interesting way. The feeling at first was hardly noticeable, and no pain was felt, but soon afterwards he suffered much. The Mauser bullet makes a small incision, but raises havoc before its departure from the body.

Fever then fastened itself on Burke, and for a time it looked as though he could not pull through. When the wounded man landed in Cuba he weighed 171 pounds, but in ten weeks time he weighed half that weight. He is now but a mere shadow, but is steadily gaining in health.

Burke is a stranger here, but once had relatives near Evansville.

#### Hanson-Akin Nuptials at Whitewater on Wednesday Last.

Last Wednesday at the Whitewater home of Mr. and Mrs. Will Akins was solemnized the marriage of their daughter, Julia S., to Hans Hanson. Doubleday as best men, took their places under a pretty canopy of evergreen and holly, from which was suspended a horseshoe of floral composition. Rev. Mr. Preston, of the Congregational church, of Whitewater, officiated, and about thirty relatives and intimate friends witnessed the ceremony, after which a bountiful wedding dinner was served.

The bride is one of Whitewater's most popular young ladies, and enjoys the esteem of all who know her. The groom is one of Bradford's upright and highly respected young farmers.

The wedding presents were numerous and valuable, thus giving testimony to the position which the young people hold in the hearts of their many friends. The happy couple will reside on a farm near Emerald Grove. They carry with them the best wishes of all their friends for a long, happy and prosperous life.

### CUBANS WANT TO CELEBRATE THE DAY

#### ARE DISSATISFIED WITH GEN. BROOKE'S ORDER.

Want the Privilege of Parading When the Spaniards Evacuate Havana—Pledge Themselves to Maintain Order—Authorities Fear They Will Cause Disorder.

Washington, Dec. 30.—[Special]—While it is admitted here that there may be some trouble in Cuba when the Spaniards evacuate the island, the situation is not regarded as grave as some of the sensational newspaper correspondents will make it out to be. Some of the Cuban leaders are anxious to assume control of affairs and at once inaugurate a reign of persecution of the Spaniards who remain in pursuit of their ordinary avocations, and do not relish the prospect of being restrained by the strong arm of the United States. They do not want any law that might interfere with their own purposes. But there are many who take a sober view of the situation, and regard the repression of lawlessness as the only salvation of the people. These will cooperate heartily with the Americans in the effort to maintain order. The loss of Garcia's influence is severely felt here. If he had lived it is believed the pacification of the island would have been a comparatively easy matter. It is not believed, however, that resistance to the United States will be carried to a great extreme, as every effort will be made to show the people that their best interests lie in obedience to just and reasonable laws that protect every citizen in his right to life, liberty and the pursuit of happiness. The influence of the malcontents is decreasing daily, and it is believed that before many months have passed there will be a general acquiescence in conditions that give promise of permanent peace and prosperity.

### PROMISE TO BEHAVE

#### Cubans Pledge Themselves to Good Conduct if Allowed to Celebrate

Havana, Dec. 30.—[Special]—The situation here arising out of the refusal of Gen. Brooke to permit the Cubans to parade in honor of the evacuation is not so critical as reported. But it is delicate. A number of wild threats have been made by minor Cuban leaders, but their attitude is not sanctioned by Cubans of note. Appeals have been forwarded to President McKinley to permit demonstrations and banquets, but no reply has been received. Insurgent commanders are urging General Brooke to rescind his order and promise to take full responsibility for maintenance of order.

## County Line.

County Line, Dec. 30.—In last week's items we said with regard to the Hall brothers, that both boys were used up; but from our poor penmanship or some other source, it came out that both legs

were used up. However, George is improving, and we are glad to say this week that the affair does not look quite as bad as it was represented, but it is still bad enough and ought to be a warning to all our people to keep out of family rows if they can. We are inclined to think Janesville liquor is not good for County Liners. Thomas Burns and family of the town line, spent Christmas at home, and had a reunion of the family at the old homestead. His daughters, Mrs. James Joyce and Mrs. William McIntosh, of Edgerton, were present, with their husbands and children. Mrs. Ella Herriek had a company of relatives and friends at a Christmas dinner. J. Shaw and wife had their Christmas tree at home for the children. Several relatives and friends enjoyed the evening with them. Dr. Sittie spent Christmas with Carl Carlson's family. They return home January 1. Joseph Wright and family spent Christmas in Janesville with relatives. Jay Shaw and family spent Christmas with Mrs. Shaw's aunt, Mrs. George Horn, of Janesville. The exercises in our church were a success and would do credit to any community. Instead of the regular tree we had a Christmas boat and an entertainment that any one should be proud of. The speaking and singing was fine and the music furnished by Gilley, Stuart and Wood was very good, and everything passed off in excellent style and all went home well pleased with our entertainment. Come again and we will give you the best program that we can produce. Emmett Shaw returned from Minnesota on Saturday. He reports a good visit and says they have had good sleighing in and around Rochester for five weeks. Report says that Edward Jensen has bought the J. B. Miller farm. It is one of the best farms on the south side of our line and Ed. is one of the best farmers. Gardner, one of our best farmers, and the one who built the best barn in the county last summer, has sold his new crop of tobacco for 6 @ 2 cents. ## THE PLAY WILL INTEREST ALL

"Human Hearts" is a Play of Great Merit and Worth. Have you seen "Human Hearts"? If not, do not miss your opportunity to-morrow night to witness a play that never fails to hold an audience. Everywhere it is spoken of as possessing rare power to move and to entertain. The varied characters chosen by the author to reveal his intention are woven into action that in itself has artistic variety, and is alive with such elements as rivet the attention. The play is clean, clear and clever; and the fact that it is in its fourth season of success, warrants the statement that it has lasting power, which can be said of very few dramas. The secret of this lies in the simplicity, truthfulness and varied human interests.

The sale of seats is now open at the box office of the Myers Grand opera house.

## A NOTABLE ANNIVERSARY

Beloit Celebrates the Sixteenth Anniversary of Congregationalism There.

Beloit, Wis., Dec. 30.—Sixty years ago today the first religious organization of Beloit was established. The 150 constituting the population of Beloit became associated together as a band of Christians of the Congregational denomination. And so today the now large and flourishing First Congregational church is celebrating the anniversary of that day. Since then another church of almost equal importance has been founded by this church, because the congregation was too large and also too widely scattered to be accommodated by the First church. Many historical events are connected with the history of the church, and it was really the origin and cradle of Beloit college.

## MAY LYNCH A DOCTOR.

Indiana Citizens Roused by a Woman's Murder at Bedford.

Bedford, Ind., Dec. 30.—A mob is said to be forming near this city for the purpose of lynching Dr. E. E. Gray, who murdered Lizzie Skinner here Thursday afternoon. Public feeling runs high and an immense crowd is gathering on the streets.

Dr. E. E. Gray killed Mrs. Skinner on the street within 100 feet of the railway station, in plain view of many people. He stabbed her four times with a surgical knife, and she died instantly. He gave himself up.

Mrs. Skinner left a former husband on account of the doctor and he deserted a wife and family for her. He is about 30 years old and a son of J. W. Gray, one of the most prominent physicians of the county. Mrs. Skinner was about to leave Bedford when attacked and killed. Anger over her departure led to the crime.

## Germany Disturbed Over Samoa.

Berlin, Dec. 30.—There is much comment here at the reported arrival of an American warship at Apia, Samoa, the newspapers regarding it as a sign that President McKinley means to carry out the program outlined in his recent message to congress. The Vossische Zeitung says: "No doubt Great Britain will support America and thus paralyze the slowly acquired German preponderance. There is no longer a chance of Germany securing exclusive control."

## FOR FREE TEXT BOOKS.

Illinois State Teachers' Association Favors This Innovation.

Springfield, Ill., Dec. 30.—The Illinois State Teachers' association closed its annual session Thursday night, the last numbers on the programme being an address for the late state superintendent, S. M. Inglis, by his successor and former assistant, J. H. Freeman, and a lecture on "Abraham Lincoln," by Isaac N. Phillips of Bloomington, reporter of the Illinois Supreme Court.

The officers chosen by the nominating committee were elected.

As a step in the direction of securing the free text books, a readjustment of the tax levy is recommended, so that 2½ per cent may be levied for schoolhouses and 2½ per cent for general school purposes, instead of 3 per cent for the former and 2 per cent for the latter, as now. This would increase the fund that might be used for the purchase of text books.

## PEOPLE WE KNOW.

They Are Janesville People and What They Say Is Of Local Interest

When an incident like the following occurs right here at home it is bound to carry weight with our readers. So many strange occurrences on the rounds of the press, are published as facts, when the intelligent reader knows they cannot be true, there is no wonder that people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual personal experience of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one whom you can see any day, leaves no ground to the skeptic to stand on.

Mrs. S. L. Beden of 64 S. River St. says: "During the last two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became affected, causing me considerable annoyance. I also had attacks of headaches, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the Janesville Co's. drug store and persuaded me to use them. I am very glad I did so for they took right hold and in a wonderful change in my condition I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions. I have recommended this remedy on several occasions, and will do all that I can to let others know of its merits."

"LET US HAVE PEACE."

The republican party is greater than any man or men. It has been entrusted with the government of Wisconsin and the country at large because its principles represent the correct form of government—not because some popular idols happen to be republicans. The measures, not the men, have carried the day.

This being the case—and the fact that it is the case cannot be debated—why should republicans waste their time fighting each other, when they can join forces to fight for republican measures? Internal warfare admits of no defense, and the recent factional fight was almost without excuse. In the heat and excitement of a campaign, such as has just ended, both factions do things and say things that the calmer judgment of cool after thought must condemn.

The LaFollette faction abused Gov. Scofield and the Scofield faction abused Mr. LaFollette—and neither faction believed one half of the charges made to be true.

And what was the result?

Gov. Scofield was renominated, and "the LaFollette platform" was adopted. Thus both factions carried a point. The democratic campaign against Gov. Scofield was based solely on the charges made by the LaFollette men, and had Mr. LaFollette been the nominee, the campaign against him would have been made solely on the charges made by the Scofield men. The republicans furnished the democrats with the only ammunition that they had. Partisan speakers and partisan newspapers fumed and argued, making charges and counter charges. The active party workers arrayed themselves on one side or the other, and the bitterness was greater than was ever before known in Wisconsin.

But who else was interested in the controversy?

No one. The people paid no attention to the campaigners bent on cutting each others throats. They took no part in the discussion, and paid no attention to the charges.

And why?

Simply because they favored republican measures first, and republican men afterward.

There is a lesson in this campaign that cannot be misunderstood, and Wisconsin republicans should profit by it.

Robert M. LaFollette is one of the best known men in Wisconsin. As an organizer and campaigner he is, perhaps, the most successful in the state, his work in that direction being on a plane with that of Henry C. Payne. Mr. LaFollette's personality is above reproach. His mental attainments are of the highest order. Up to the time that he "fell out" with his former friends, he was one of the most valuable, and tireless servants of the republican party in Wisconsin. But he is a "fighter." When the estrangement came about, he buckled on his armor and declared war. Since then war has raged. That this fact is to be lamented, both sides agree. There has been no time, until now, that the two factions could get together and agree without the knowledge that one side was suing for peace, and admitting that it had been defeated. Now, however, the appointed time when differences may be reconciled, and peace declared, has come. Mr. LaFollette was defeated, but his platform was adopted. Mr. LaFollette, like other workers, has been fighting for measures, not men. He has so said, and The Gazette believes him. Gov. Scofield was simply standing on his record. He concealed nothing, and asked no favors. The people have given him the vindication that was due his administration. Thus Governor Scofield and Mr. LaFollette have both gained their ambition, and both factions are now in a position to make sacrifices and reach an agreement. The time may never come again, and it is party duty to embrace the opportunity that now offers. With a united republican party, the cause of democracy, in Wisconsin, will be hopeless for all time to come. With a divided party, defeat will stare the republicans in the face at every election.

The Gazette has been as outspoken in its opposition to Mr. LaFollette's faction as any paper in the state, but it is willing to admit that its campaign was re-

luctantly made, and with the hope that the time for peace would soon arrive—it is not pleasant to say harsh things of brother republicans, no matter what the occasion may be.

Mr. LaFollette, your contention, all the time, has been that you only desired that your principles live. Do you not think that justice has been done you by the people of the state? Do you not think that the time has come when you can say: "Fellow republicans, let by-gones be by-gones; we have had our fight, and the time has come to bury the hatchet. We have both had our ups and downs, and our successes and defeats. Now let us have peace." Gov. Scofield, do you not feel that you can say the same?

The Gazette can so speak to the LaFollette newspapers of the state, and in so doing, does not feel that it is doing anything unmanly or inconsistent with its former course.

Will the other workers of both factions be as fair? We sincerely hope that they will. The welfare of the party demands the honorable peace thus brought about, for, as before stated, the party is greater than any of its members, and personalities cannot strangle principles if they would.

Come, gentlemen, let us begin the new year as friends and co-workers for the common cause. Let us wipe the past from the record books, and never rake it up again. Let us all go to work as if there had been no friction, and the future will surely take care of itself. There need be no confessions, and no promises. Just let the dead past bury its dead, and close up the ranks with the knowledge that justice has been done all men.

"Peace rules the day, where reason rules the mind." Therefore let us reason together, and peace and harmony cannot but be the result.

Nobody's Nose is Like Anybody Else's Nose.

Properly adjusted g'asses are important, for often the surface of the eye over the pupil is uneven, which makes the eye strain to see clearly. With properly fitted and adjusted glasses one forgets that he has eyes, and doesn't think about the light, or the amount of work to be done, for it is the abuse of the eyes that injures them.

The great number of high recommendations received throughout the State, from prominent Oculists and Eye Specialists by Mr. W. F. HAYES, the Eye Expert, should be proof of his ability. His home endorsement from prominent people, accumulated during the past thirteen years, is a testimonial of rare value.

## ...LATE NEWS BY TELEGRAPH...

## SERIOUS NEWS FROM HAVANA

Insurgents Aroused to a Dangerous Pitch of Excitement.

## THREATENED TO RESUME WAR.

Refusal to Allow Them to March Into Havana Leads to Revolt—Troops Decline to Take the Oath of Allegiance—Appeal to President McKinley.

Havana, Dec. 30.—Startling rumors are flying about and are given credence by excited crowds thronging the streets. It was reported that Gen. Mariano Menocal and his Cuban forces at La Paya had been asked to take the oath of allegiance to the United States and had refused. The news was cheered by the crowd, and mounted insurgents clattered through the town, telling the people in the street that Gen. Menocal had withdrawn his troops from La Paya and taken to the field.

This story, regardless of its truth or falsity, is chiefly worthy of serious attention because of the eagerness with which it was received by the crowds who insisted upon its truth. They justified Gen. Menocal's reported sensational action, which would mean a declaration of war.

The situation grows out of the refusal of Gen. Brooke's permit for the participation of Cuban troops in the exercises on evacuation day. What the outcome of the crisis will be no one knows.

The United States flag was torn down from many houses in the lower districts of the city. Upper-class Cubans have sent cablegrams without number to President McKinley, begging him to bridle the blunders. Cablegrams have been sent broadcast over the United States asking for public meetings and appealing to the common sense and justice of the American people.

It is certain that the insurgent army and Cuban leaders, including Gomez and other generals, will be barred from the exercises on Sunday.

The bond of sympathy between the people of Cuba and those of the United States has been almost if not entirely sundered, and Havana is a volcano. An eruption may occur at any time.

The Cuban leaders here are doing everything to prevent an outbreak, but say if Gen. Gen. Brooke's command is carried out not only will they be helpless, but they will think whatever happens to have been caused by the arbitrary and unjust action of the United States. "We did not fight for a new dictator," said a Cuban. "We object to dictators, whether the name be Weyler or Brooke. We will not be held with bayonets at our throats. We will shout, as we have shouted under Spanish rule, 'Cuba Libre!' Cuba Libre it shall be forever."

## LIMA BANKERS RESIGN.

Old American National Officials Out—Sensational Charges Made.

Lima, Ohio, Dec. 30.—Thursday's Cincinnati Commercial Tribune published an article relative to the robbing of the American National bank, which was headed, "The Officers Did It." An extended story covering a column and a half is to the effect that the bank officials got the money. As soon as the bank people saw the article they began proceedings against the Commercial Tribune.

The bank directors met again last evening, when Vice President Michael and Cashier Kalb tendered their resignations. The resignations were accepted.

## Fierce Storm in Nebraska.

Omaha, Neb., Dec. 30.—A very severe storm prevails in Nebraska. Though the mercury has not yet reached zero, a high wind is driving fine particles of snow and ice with a velocity that renders it very dangerous for man or beast to be exposed. Considerable snow has fallen, but it is shifted hourly, so that the ground seems clean swept except where the snow is piled in drifts. The indications are for a very severe storm all over the state.

## Dreyfus Started to France.

Rio Janeiro, Dec. 30.—Advices from Paramaribo say it is reported that Capt. Dreyfus has been removed from his island prison to Cayenne, and sailed from there on Dec. 4. No details regarding the departure of the prisoner or as to his ultimate destination can be ascertained. It is believed he has been taken to Paris.

## Aspire to Morrill's Place.

Montpelier, Vt., Dec. 30.—Among the candidates for appointment by the governor to the late Senator Morrill's seat are former Gov. William P. Dillingham of Waterbury, former Gov. C. S. Page of Hyde Park, C. S. Prouty of Newport, Judge Henry C. Ide of St. Johnsbury and Congressman W. W. Grout.

Mr. S. A. Fackler, editor of the Michiganian (Fla.) Hustler, with his wife and children, suffered terribly from la grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for la grippe, and its exhausting after effects. Never fails. People's Drug Co., corner Main and Milwaukee streets.

## HONOR FOR ALLISON.

Title of "Father of the Senate" Belongs to the Iowa Member.

Washington, Dec. 30.—With the death of Senator Justin S. Morrill the title, "father of the senate," descends upon William B. Allison of Iowa. The latter is nearly 70 years of age, and has seen continuous service in the senate since March 4, 1873—nearly 26 years. Senator Allison, whose home

SENATOR ALLISON.

is in Dubuque, was born in Perry, O., and was educated in the Western Reserve college of that state. He removed to Iowa when 28 years of age, and seven years later began organizing volunteers for suppression of the rebellion. He served on the governor's staff and took an active part in public life, being elected representative in the Thirty-eighth, Thirty-ninth, Fortieth, Forty-first congresses, and was finally chosen to succeed James Harlan in the senate. Senator Allison has always taken an active part in the doings of the senate, being chairman of the appropriations committee and a member of the committee on finance, congressional library, and geological survey.

## Expect Word from Gen. Otis.

Washington, Dec. 30.—The war department is expecting definite word from Gen. Otis within the next twenty-four hours as to what has occurred at Hilo. By that time Gen. Otis will have heard from Gen. Miller, in command of the American force sent on this expedition. The officials about the war department do not appear apprehensive over the results, and there is no evidence of tension or alarm, although it is recognized that the situation at Hilo is one which may bring about a sharp and possibly a decisive issue between the insurgents and the United States forces.

## New Political Party Coming.

Indianapolis, Ind., Dec. 30.—Populists and others met here Thursday to discuss the foundation of a new party. The "fusion" wing of the populist party believes the time has come when there should be co-operation between all the reform forces—the populists, free-silver republicans, prohibitionists and socialists. Feb. 22 a state meeting will be held here for the purpose of launching the new party under the name of the "union reform party." In March next there will be a meeting at Cincinnati to form a national union reform party.

## Alleged Briber Arrested.

Ottawa, Ill., Dec. 30.—State Agent John H. Becker of Peoria, representing the Lafayette Bridge company, the man who is accused of bribery and who has been under fire in the circuit court for the last two weeks in the case of the company against the city of St. Paul to recover the balance due on the Vermilion river bridge, was arrested in the courtroom Thursday, in full view of the jury, while the leading counsel for the concern was making his argument.

## To Bring Back Dead.

## ONE MONETARY STANDARD.

Report to the American Economic Association.

## CHANGES ARE RECOMMENDED.

Special Committee on Banking and Currency Gives Its Views—Branch Banks Recommended—Officers Elected for the Ensuing Year.

New Haven, Conn., Dec. 30.—The American Economic association chose the following officers: President, Prof. Arthur T. Hadley, Yale; vice presidents, Stuart Wood, Ph. D., Philadelphia; Prof. David Kinley, University of Illinois, and Prof. W. Z. Ripley, Massachusetts Institute of Technology; secretary, Prof. Walter F. Wilcox, Cornell; treasurer, Prof. Charles H. Hull, Cornell; publication committee, Prof. F. W. Taussig, Harvard, chairman; Davis R. Dewey, Ph. D.; Willard C. Fisher, A. B.; W. A. Scott, Ph. D.; Sidney Sherwood, Ph. D.; F. M. Taylor, Ph. D.

The report of the special committee on banking and currency was presented by the committee, consisting of Prof. F. M. Taylor of the University of Michigan, chairman; Prof. F. W. Taussig of Harvard, J. W. Jenks of Cornell university, Sidney Sherwood of Johns Hopkins and David Kinley of the University of Illinois. The report says: "Under existing conditions the only wise and consistent policy for the United States is the frank recognition of the fact that the actual monetary standard is now, and for some time to come will be, gold, and the adoption of legislation which shall insure the entire stability of that standard until such time as the nation may have decided to establish some other. Under existing conditions the gold standard is, for the United States, the best available. This being the case, it is the duty of the nation to render that standard as stable as possible, and to remove all uncertainty as to its maintenance and its easy working; for uncertainty as to the basis of the currency must always be a menace to prosperity."

The report then urges that the management of the monetary system of the country be separated from those functions which are of a purely fiscal nature. It would doubtless be well also, to find a place for silver, where it will cause least trouble, by retiring all notes under \$10, and to authorize the secretary to retire, at least temporarily, notes which have been once redeemed. As to bank issues it says: "This system should, without doubt, be under federal control, and should take such forms as to insure much greater elasticity than exists in the present system, provided always that the secretary of the issue shall be in nowise impaired."

The committee further recommends, for the benefit of country communities, the adoption of a system of branch banking similar to those in vogue in Canada, Scotland and other countries. The convention has adjourned.

Coughing injures and inflames sore lungs. One Minute Cough Cure loosens the cold, allays coughing and heals quickly. The best cough cure for children, perfectly harmless. People's Drug Co., corner Main and Milwaukee streets.

## ARE DIVIDED AS TO HAWAII.

Sharp Contest Seems Certain in the House.

## TWO COMMITTEES DISAGREE.

Form of the Bill to Regulate the Government of the Islands Can Not Be Decided Upon—Petition for Universal Peace.

Washington, Dec. 30.—A sharp contest will occur in the house over the legislation for the government of Hawaii, as the majority and minority of the committee on territories do not agree as to the form of a bill. Neither do the majority agree with the report of the senate committee on foreign relations. Although the differences are not such as to cause great difficulty. The majority report of the house committee changes the bill introduced by Mr. Hitt only slightly, with the exception of the qualifications for senators and representatives. The property qualifications are stricken out, and any citizen who is a voter and has been a resident of Hawaii for three years is eligible.

Those who were citizens of Hawaii on Aug. 12, 1898, are made citizens of the United States. One house will not be allowed to constitute the legislature in case the other adjourns, nor will it be necessary to have the sanction of three members to introduce a bill in the legislature. The delegate to congress shall possess the same qualifications as a voter. Bonds issued on the credit of the public domain shall be payable in not less than five or more than fifteen years. One year's residence must be proved to obtain a divorce.

The minority makes no objection to the educational qualification for citizenship, as they believed this to have worked well in the south.

## URGE UNIVERSAL PEACE.

Two Petitions Presented to President McKinley.

Washington, Dec. 30.—A delegation presented to the president Thursday two petitions, one from the great majority of the organized Protestant Christian churches of the world and the other from the Pan-Presbyterian alliance. The first petition was signed by the representatives of 145 national and denominational churches, existing on all the six continents. It asks for the reduction of the heavy armaments maintained by Christian nations, "ready upon provocation to go to war and settle their disputes by bloodshed," and also requested the influence of the government of the United States in favor of international arbitration as a substitute for war.

The second petition is from the Pan-Presbyterian alliance, which also united in the first petition and which includes eighty national and denominational churches throughout the world. This second petition asks for a "permanent and peaceful method for the settlement of all controversies arising between the people of the British empire and the republic of the United States of America."

## Schley Will Go to Europe.

Washington, Dec. 30.—Rear Admiral Winfield S. Schley has been selected to command a squadron when the several foreign stations of the navy are re-established. It is the intention to place him in command of the naval force to be sent to European waters. Admiral Schley's flagship will be the Chicago. Rear Admiral Sampson will be retained in command of the North Atlantic station fleet.

## Expect Importation of Gold.

New York, Dec. 30.—Leading bankers are reported as saying that sterling exchange rates were sufficiently low to permit the importation of gold, and that it was not unlikely that some more would come in January; that imports really depended now on the rates for money here. It would be easy, the bankers say, to bring in \$50,000,000 of gold if any such sum were needed.

## DISAPPEARS WITH \$60,000.

Wells-Fargo Express Company Clerk at San Antonio Badly Wanted.

San Antonio, Texas, Dec. 30.—The local office of the Wells-Fargo Express company is out a money package containing \$60,000. The money was sent here from Houston for the Southern Pacific to meet its pay roll west from this city to El Paso. It arrived Wednesday morning and was given to C. A. Beeler, the Wells-Fargo money delivery clerk, to hand over. Beeler started for the depot and was seen en route. Four hours after his departure his wagon was found five miles west of the city in a thicket, the horse almost dead from the effects of hard driving. Inquiry developed the fact that no delivery had been made. There was no evidence of a struggle in the vicinity where the vehicle was found. Beeler's friends stoutly assert that he is the victim of foul play, and his wife also inclines to this belief.

## France to Enlarge Her Navy.

London, Dec. 30.—A dispatch from Paris to the Exchange Telegraph company says that the French parliament will be asked to vote the sum of 394,500,000 francs (\$78,900,000) to the naval budget for 1899, of which amount 121,000,000 francs (\$24,200,000) will be expended upon the construction of sixty-three vessels already begun and twenty-eight others to be started in 1899. The French naval budget for 1898 was 284,795,500 francs, and the increase proposed is thus over 100,000 francs.

## Corbett Favors Tom Sharkey.

New York, Dec. 30.—Jim Corbett picks Tom Sharkey as the winner over McCoy in their fight at the Lenox Athletic club Tuesday night, Jan. 10. He said: "Sharkey will win, of course. He ought to put McCoy to sleep before the twentieth round is reached."
